About the Department of Employment and Workplace Relations

We are committed to empowering futures, ensuring rights and enriching lives. We support people to have safe, secure and well-paid work with the skills for a sustainable future as we ourselves strive to be a model employer.

We provide the framework for fair and productive relationships between employers and employees. We also oversee skills development and training initiatives to support those entering the workforce or re-training to take advantage of emerging employment opportunities.

With us, your work directly contributes to shaping the employment landscape. Whether you're engaging in policy development, program implementation, or direct support services, your efforts will have a tangible impact on job seekers, employees and the economy by giving them a framework to build a future anchored and realised through employment.

It is our ambition to do things differently, to create the 'department of great jobs'– where our people reflect our purpose.

Benefits of working with us

You'll be part of a workforce that aspires to reflect the diversity of the Australian community that it serves. Our diverse and inclusive workplace is one where different perspectives are encouraged, people feel a sense of belonging and we draw on the expertise of our peers.

We can offer you the opportunity to define your own career path through professional growth to become a visionary leader. You'll enjoy competitive salaries, conditions and a culture that values a healthy work life balance.

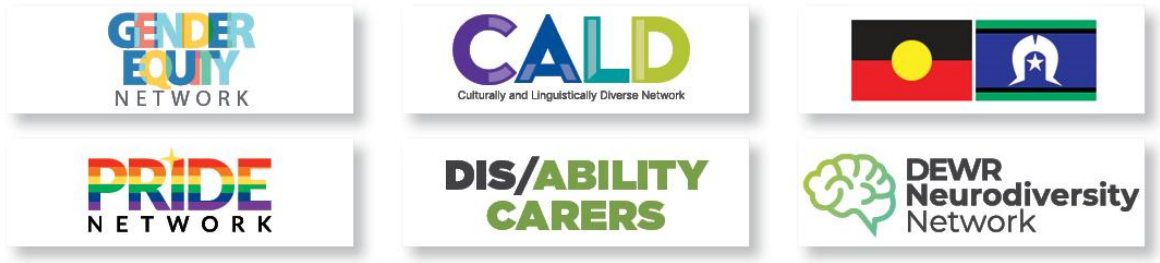

The Department of Employment and Workplace Relations (the department) is making change; it is exciting, and we want you to be part of it. We are looking for talented, professional, passionate, and knowledgeable people to join us! For more information on what joining the department might look like for you, visit our 'Work with us' webpage.

DEWR is a carer-inclusive workplace, recognising and valuing employees with caring responsibilities and their contributions to our community.

Committed to Carer Inclusivity

Employee Networks

Our Employee Networks form an essential part of our inclusive and diverse workplace. They bring colleagues together to connect, find support and thrive. Our Employee Networks help drive and promote diversity and inclusion and recognise days of significance important to our people.

Community

The department offers a range of other ways to connect. Join a Community of Practice, the Social Club or participate in a range of informal events and activities to bring us together as a community.

Role

As a **User Experience and User Interface (UX/UI) Designer**, you will work with, or as part of, one or multiple delivery teams responsible for building enterprise class systems for the department.

In a predominantly Microsoft and Azure technology environment, you will work in an agile based environment with Service Designers, Digital Accessibility Officers, Business and System Analysts, Software Designers and Developers, SCRUM Teams, Product Owners, Product Managers, and System Users to advocate for, design, review, and assess User Experience outcomes.

You will understand digital diversity and have a passion for User Experience with the necessary people skills to understand user needs and the relevant technical skills to design and prototype user interfaces in line with user needs and business objectives.

The successful applicant will receive the necessary training, mentoring, and guidance to perform the key responsibilities of the role and to advance their careers in the Australian Public Service (APS).

Duties and responsibilities

Responsibilities of the APS6 Level may include:

- Work under limited supervision
- Participate in agile ceremonies
- Participate in design, planning, and estimation sessions
- Conduct user-centred UX/UI design

- Analyse information to develop user-centred, user interface designs including wireframes, low-fidelity and high-fidelity prototypes
- Work closely with stakeholders and subject matter experts while developing and refining designs to ensure designs meet business objectives
- Facilitate stakeholder workshops
- Provide design guidance and solutions to delivery teams throughout project and sustainment life cycles
- Monitor the team's workload and delegate tasks as appropriate
- If required, travel within Australia to undertake workshops with stakeholders

Don't meet all the role requirements?

At DEWR we are dedicated to building a diverse and inclusive workforce and seek to recruit staff with a wide range of backgrounds, skill levels, disciplines and working styles. If this role resonates with you and you're excited about making an impact, but your past experience doesn't align perfectly, we encourage you to apply anyway.

Qualifications and education

Desirable
- Qualifications in graphic/visual design or another related field

Capabilities

We are seeking individuals with the following skills and capabilities:

Mandatory
- The ability to work in an agile based delivery environment
- The ability to write and manage design requirements
- The ability to create and maintain design documentation, guidelines, checklists
- The ability to support the Team Leader and the team to deliver design objectives and managing competing priorities
- The ability to work across the department to improve and promote design practices.
- The ability to build and maintains positive working relationships with stakeholders
- The ability to communicate effectively in writing, in person, and via video conferencing

Desirable
- Proficient in the use of Figma and Miro.
- Understanding of the Digital Service Standard and the DTA Service Design and Delivery Standard.
- Understanding of the Web Content Accessibility Guidelines (WCAG)
- Experience with IT delivery for government

How to apply

Applications are to be submitted using the department's eRecruit (online recruitment) system. Please include the following in your application:

- Tell us in less than **500** words why you are the right person for this opportunity, what you can offer, and how your skills, knowledge, experience and qualification are relevant to the role. Try not to duplicate information that can already be found in your resume, but do highlight any specific examples or achievements that will demonstrate your ability to perform the role.
- Follow our guidelines for candidate use of AI throughout the recruitment process.
- Please attach a concise resume to your application which clearly outlines your work experience, educational qualifications and relevant skills. In the application form you will need to provide the details of two referees who can attest and validate your credentials and suitability for the role.

The APS work level standards accommodate the diversity of roles across the APS and are structured to clearly differentiate between the work expected (i.e. responsibilities and duties) at each classification level.

Eligibility

Please note, under section 22(8) of the Public Service Act 1999, employees must be Australian citizens to be employed in the APS unless the Agency delegate has agreed, in writing.

This is a designated security assessed position. The successful candidate will have the ability to obtain and maintain a **Baseline** security clearance.

This selection process may be used to establish a merit pool. The pool might be accessed to fill ongoing and non-ongoing vacancies for similar roles in the Department over the next 18 months.

RecruitAbility applies to this vacancy. Under the RecruitAbility scheme you will be invited to participate in further assessment activity for the vacancy if you choose to apply under the scheme; declare you have a disability; and meet the minimum requirements for the job. For more information visit: https://www.apsc.gov.au/recruitability

More information

As part of the **Department of Employment and Workplace Relations (DEWR)** onboarding process, successful applicants are required to meet Australian Public Service (APS) employment requirements. This includes completing identity, citizenship and security checks, providing specified identification documents, and, where applicable, additional information such as overseas residence history. These requirements help ensure DEWR meets its security, integrity and privacy obligations, and they form a standard part of commencing employment with the department. Please click this link to know more about **Employment requirements for new DEWR employees.**
